

BEX

INT. PATIENT ROOM -- DAY

Dr. Clack enters a room where MR. & MRS. SINGLETON wait with the patient, their 14 year old daughter, REBECCA (who goes by "BEX.") . Bex is thin and does not appear to have reached puberty. She's drawing a sort of Japanese anime cartoon and rarely looks up.

DR. CLACK

Mr. and Mrs. Singleton, Rebecca, I'm Dr. Clack.

Sc. 1

They shake hands.

DR. CLACK (CONT'D)

(to Bex)

What're you drawing there?

BEX

Just a dumb comic.

DR. CLACK

You're very talented.

No response from Bex. A beat.

DR. CLACK (CONT'D)

So Rebecca, you've been admitted for an ultrasound guided biopsy on an enlargement of your pelvic lymph node.

BEX

Could I have got this thing from taking the pill?

DR. CLACK

Birth control pill?

Her parents look surprised to hear this.

BEX

(she nods)

I was taking a lot. Like ten doses a day.

MRS. SINGLETON

(shocked)

Bex...?

Dr. Clack looks at her parents.

MR. SINGLETON

This is news to us.

GREY'S ANATOMY

MRS. SINGLETON

Bex, you're fourteen. What-- You're on the pill? You're having sex?

Bex refuses to answer.

MR. SINGLETON

Ten doses a day?

BEX

I wanted to make sure they worked.

MR. SINGLETON

Where were you getting them from?

BEX

Internet.

DR. CLACK

Uh, the pill wouldn't have any effect on your lymph-nodes, but could have caused a hormonal imbalance. Have you been feeling different than usual?

BEX

I feel like I always feel.

As Dr. Clack draws her blood, she sees scars on Bex's wrists - a clear sign of a suicide attempt.

DR. CLACK

How do you always feel, Rebecca?

BEX

Please don't call me Rebecca. I hate that name.

MRS. SINGLETON

She prefers Bex.

BEX

I'm legally changing it when I turn 18.

DR. CLACK

How do you always feel, Bex?

BEX

Just-- Lost.

INT. RADIOLOGY -- DAY

As Dr. Clack performs the biopsy on Bex.

Sc. 2

DR. CLACK

Looks like I'll have to biopsy the ovaries as well.

BEX

Is that bad?

DR. CLACK

It's really just a precaution.

Noticing Bex is worried...

DR. CLACK (CONT'D)

What grade are you in, Bex?

BEX

I don't want to talk about school.

DR. CLACK

Okay... Tell me about the comic you were drawing.

BEX

Why?

DR. CLACK

I happen to like comics.

BEX

It's just this anime thing. A story about me and my best friend Elizabeth, when we were kids. We're like these 10 year old tomboy superheroes.

DR. CLACK

What do you guys do, fight crime?

BEX

We kinda just hang out and get in trouble. Everyone thinks we're freaks but we don't care.

DR. CLACK

Sounds cool.

BEX

It's pretty whatever, but when I'm drawing I don't have to think. That's what's cool about it.
