108 \*

Catherine and Emily are now in Interrogation Room "B".  
Emily has a wad of TISSUE, she's cried her eyes out.

CATHERINE

Emily, who is the father of your baby?

EMILY

My dad was just trying to protect me. He didn't do anything wrong.  
(then)

I told my mom I didn't want Uncle Bill to come over anymore. She said I was ungrateful, and it was her house. This whole thing is her fault. Everything is her fault.

CATHERINE

When did your dad find out?

Emily takes a beat, then --

EMILY

It was a Thursday night. My dad was still at work. Uncle Bill let himself in... I thought because I was pregnant he'd leave me alone, but he didn't.  
(then)

Andy should've been in bed --
