

DR. McEnroe Can you tell me what happened?

SEAN I just got really sick all of the sudden.

Dr. McEnroe Did you eat something funny?

SEAN No, I just ate my regular lunch.

Dr. McEnroe Do you have any allergies?

SEAN Just to my little brother.

Dr. McEnroe I can see your sense of humor is still intact.

SEAN Yea...

Dr. McEnroe Ok...well what did you eat for lunch exactly.

SEAN Um...just normal stuff. Mac-n-cheese, apple, juice-drink.

Dr. McEnroe And your mother made you this lunch?

SEAN No way...thank god. She stinks at lunch making. It was from the cafeteria like always.

Dr. McEnroe I see. Do you feel well enough to take me there right now.

SEAN Sure. You think something's up with the cafeteria?

Dr. McEnroe Just take me there right away please.

SEAN Ok ok...chill dude. It's this way.
